**HBA - 15555 SW Bangy Rd., Suite 301
Lake Oswego, OR**

Under an EPA rule that goes into effect **April 2010**, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities and schools built before 1978 **must be certified** and must follow specific work practices to prevent lead contamination.

*This one-day class will give you the
EPA– mandated training and
certification that you need
to be compliant with this
new federal law.*
